

HAN-I-SIZE™

ALCOHOL-BASED INSTANT HAND SANITIZER GEL

Description:

Hand and arm sanitizer that eliminates over 99.99 percent of cross contamination micro-organisms that employees come in contact with on a daily basis. For use when water is unavailable.

Benefits:

- Lightly lemon scented, leaves no residue
- Contains Vitamin E and Aloe Vera
- Evaporates within 30 seconds
- No rinsing with water or towels required
- Available in 500ML flip tops for easy application

HAN-I-SIZE INSTANT HAND SANITIZER TIME-KILL STUDIES

Organism	% Reduction 15 second exposure
Escherichia coli	>99.99
Staphylococcus salmonella enterica	>99.99
Staphylococcus aureus	>99.99

The time kill assay shows a minimum 4 log reduction for each bacterial species.

Alcohol-based hand sanitizers are recommended by the CDC and World Health Organization for preventing the spread of Swine Flu and other disease causing microorganisms.

World Health Organization
